Supported Employment Service Promotion and Distribution Service Team (PDST)

輔助就業服務宣傳服務隊

本會的輔助就業服務一向以協助殘疾 人士重投就業市場,融入社會及自力更生 為服務宗旨,除了直接為殘疾人士安排就 業選配、轉介公開就業機會並給予在職跟 進及輔導外,亦為他們提供不同形式的職 前技能訓練及在職培訓機會,以提升他們 的技能,使他們最終能獲僱主聘用。

一直以來,有部份輔助就業服務的服務使用者,會在公開市場中尋找派發宣傳單張或其他宣傳推廣的工作,由於這類工作,工作時間一般不會太長,工作亦比較容易掌握,更重要的是能讓學員直接重投社會工作,並從工作中重建自信心,對康復過程有很大幫助。

The main objective of Supported Employment Service is to help disabled persons to secure and maintain a meaningful job in the community. In addition to job seeking and matching, ongoing and timely follow up and counseling services are also provided to facilitate service users' integration into their work setting. Pre-vocational and on the job training opportunities will also be sought and arranged for service users who might need more guidance in job seeking and related skills so as to enhance their employability.

Leaflet and souvenir distribution is one of the popular job types that our service users will seek for in the job market. This is largely due to the fact that the job is relatively simple with short working hours. This type of job can act as a springboard for some service users to help to build up their confidence and most importantly facilitate them to integrate into the community.

專業投能·服務人

宣傳服務隊一方面為客人提供一站式及可信賴的推廣服務,另一方面,透過提供實際工作機會,能提昇殘疾人士之工作技能及對就業的信心,並讓缺乏工作技能及經驗的服務使用者能於正式公開就業前,嘗試於實際的工作環境作實習,為日後正式就業作出更好的準備。

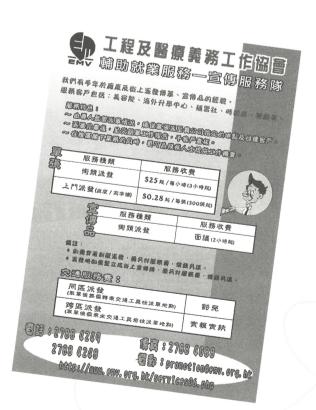

Over the years our Supported Employment Service has assisted service users to obtain jobs as leaflet distributors and thus is experienced in the management and coordination of leaflet distribution service. Understanding of the needs of this group of customers is also gained. Hence in June, 2007 a promotion and distribution service is established in response to the growing demand for this service as well as to create work opportunities for our service users. The team will be responsible for the coordination, scheduling and monitoring of the distribution service which can save the time and resources of the customers. All distribution work will be carried out by our disabled service users and they will be closely supervised and monitored so as to ensure that the promotional materials are being distributed in a timely, professional and accurate manner.
